How does a student enroll into SolidProfessor?

There are two ways for a student to purchase their enrollment in SolidProfessor. You can either purchase directly through our Online Student Store, or you can purchase an enrollment code through your school bookstore.

Purchase directly through the Online Student Store

2. Select your school from the drop-down menu and enter your school-issued email address. If you do not use your school-issued email address, you may receive an error message that says “Invalid school e-mail address”).
3. On the next screen, confirm your email and select “Go.”
4. Verify your school and select the class you want to enroll in. The title of the class will include your instructor’s last name.
5. When asked if you have an enrollment code, select “No (Pay with Credit Card)” and click “Continue.”
6. Now fill out your name and payment information to finish creating your account. You will receive an email with your login information.

Purchase an enrollment code through the school bookstore

1. After purchasing your enrollment code through the school bookstore, you just need to activate your license by going to www.solidprofessor.com/student-store/.
2. Select your school from the drop-down menu and enter your school-issued email address. If you do not use your school-issued email address, you may receive an error message that says “Invalid school e-mail address”).
3. On the next screen, confirm your email and select “Go.”
4. Verify your school and select the class you want to enroll in. The title of the class will include your instructor’s last name.
5. When asked if you have an enrollment code, enter the code you purchased from the bookstore, including the dashes.
6. Now fill out the form with your information to finish creating your account. You will receive an email with your login information.
